## FENDER POUCH

### General

This kit is designed to fit 1986 and later Softail, 1991 and later Dyna, and 1986 and later XL model motorcycles, except models with luggage racks or Bobtail style fenders.

#### **WARNING**

Do not exceed 3.0 pound maximum load in fender pouch. Overloading can adversely affect handling which may result in death or serious injury and/or property damage.

### Installation

1. Remove license plate and bracket from fender. Save all hardware for reinstallation.
2. Remove license plate from license plate bracket. Save all hardware for reinstallation.
3. See Figure 1. Slip nylon "slip" on fender pouch over license plate bracket post.
4. Remove adhesive backing and place anti-abrasion tape onto the fender where the pouch will make contact with the fender. Press firmly into place.

#### **CAUTION**

Failure to use anti-abrasion tape may result in scratches to the fender.

5. Reinstall license plate on license plate bracket.
6. Reinstall license plate bracket, with fender pouch nylon mount tab in between license plate bracket and fender, as shown.
